

26 May 2021

**In celebration of the 10th anniversary of the Fundación Shakespeare
Argentina.**

I would like to express my warmest congratulations on the tenth anniversary of your Association! It is wonderful to hear of all the great things you do to enhance appreciation and enjoyment of the plays and poems of Shakespeare in your country and to know that you reach out to and encourage so large a number of enthusiasts for his works.

I have happy memories of meeting you personally at the World Shakespeare Congress in Prague in 2011 when I lectured in the great Estates Theatre there, and also at the special service of commemoration in Westminster Abbey in 2016, as part of another World Shakespeare Congress.

You have of course always been made very welcome on your visits to the Shakespeare Centre, and it would be good to think that we might meet personally again when international travel becomes easier.

In the meantime I send all my very best wishes for the continued flourishing of all your unselfish and generous activities on behalf of Shakespeare.

With every good wish,

Yours sincerely,

Professor Sir Stanley Wells, C.B.E., F.R.S.L.

Honorary President.
